## PROFILE

UX/UI designer with a professional background in Speech Pathology, specializing in digital healthcare solutions. Skilled in crafting tailored digital solutions through a unique blend of communication expertise, visual design, and user-centered problem-solving. Seeking opportunities to apply diverse skill set to address real problems and drive overall product satisfaction and success.

## EXPERIENCE

### SPEECH LANGUAGE PATHOLOGIST

Language Fundamentals and SLP Communication Foundations, Fishkill, NY  
May 2021 - Present

- Create and adapt individualized, person-centered treatment plans through ongoing assessment and identification of patients' needs, pain-points, and goals to facilitate improved functional outcomes.
- Improve patient experience and outcome measures through cross-functional collaboration with other rehabilitation and medical professionals.
- Manage full caseload of up to 14 patients using qualitative and quantitative data to modify treatment plans to address patient needs.

### GRADUATE STUDENT CLINICIAN

Veteran's Affairs NY Harbor Healthcare System, New York, NY  
January 2020 - March 2020

- Worked in a fast-paced environment with cross-disciplinary team to improve patient outcomes & satisfaction based on ongoing assessment of patient needs and feedback.
- Successfully implemented Tobii Dynavox eye-gaze device and other assistive technology solutions for patients with severely limited motor function and verbal communication.
- Developed home exercise programs and incorporated caregiver training to maximize patient progress and promote generalization outside of the clinical setting.

### LEAD STUDENT RESEARCHER

Honors Thesis at Lehigh University, Bethlehem, PA  
August 2015 - May 2016

- Designed participant-based research study exploring the relationship between the use of digital photo-taking and implications on human memory outcomes.
- Defended research findings at Lehigh Valley Undergraduate Psychology Conference and Lehigh psychology department faculty during end-of-year presentations.
